About NITK

National Institute of Technology Karnataka, Surathkal has established itself as one of the top technological institutions in India & is declared as an Institute of National Importance under the NIT Act 2007. Since its inception in 1960 as the Karnataka Regional Engineering College (KREC), the institute is considered as a premier center engaged in imparting quality technological education and providing support to research and development activities. The institute has a long tradition of research for several decades in both traditional and modern areas of engineering and science.

About Department of CSE

Department of Computer Science and Engineering, established in the year 1986 has strong International reputation for its excellence in education and research. It has a rich history and an outstanding record of contributions to the ever growing field of Computer Science. The Department offers degree programs for Bachelors, Masters and Doctorates. The department is a part of Electrical & Electronics Computer Systems division which has established a Center of Excellence for Wireless Sensor Networks. Department is also accredited by NBA.

About Workshop

Speech based applications are quickly becoming ubiquitous in today's world and age, with diverse applications such as speaker recognition, language recognition for call steering or language translation, speech based security systems, voice analysis for medical diagnosis of speech impediments, speech synthesis for interactive systems, speech enhancement, speech coding and compression etc.; In the advent of mobile phones, it is need of the day to develop various speech applications to hand held devices. In this scenario the workshop aims at introducing the area of Speech Processing as an area of prime research scope. We expect the interaction between researchers and practitioners to happen during the workshop.

Major Topics Include

- ✓ Basics of Speech Processing
- ✓ Speech Processing Concepts
- ✓ Time & Frequency domain speech analysis
- ✓ Speech synthesis – Concatenative approach
- ✓ Applications of Speech Processing

Resource Persons

Dr. K Sreenivasa Rao	IIT Kharagpur
Dr. K. Sri Rama Murthy	IIT Hyderabad
Mr. P. Narendra	IIT Kharagpur

Registration Details

Duly filled Registration form must reach the coordinators on or before 10th March, 2014 and the selected participants will be informed via e-mail by 12th March 2014. Advance online registration can be done through the website.
